"Innovation That Matters"

Advanced BeautyGard®

Cleaning is a breeze with Naugahyde® brand fabric and the Advanced BeautyGard protective finish. While staining and soiling exposures are common to upholstery fabrics, most stain and soiling may be removed by using the simple cleaning methods that follow:

For Light Soiling:

1. A solution of 10% household liquid dish soap with warm water applied with a soft damp cloth will remove most soiling.
2. If necessary, a solution of liquid cleanser and water can be applied with a soft bristle brush. Wipe away residue with a water-dampened cloth.

For the Most Difficult Stains:

1. Dampen a soft white cloth with a solution of household bleach (sodium hypochlorite); 10% bleach, 90% water.
2. Rub Gently.
3. Rinse with a water-dampened cloth to remove bleach concentration.
4. If necessary, allow a 1:10 diluted bleach solution to puddle on the affected area or apply with a clean, soaked cloth for approximately 30 minutes. Rinse with a water-dampened cloth to remove any remaining bleach concentration.

NOTE: You should try this method on an inconspicuous spot before using it on the original stain/soiling.

Restore Luster

To restore luster, a light coat of spray furniture wax can be used. Apply for 30 seconds and follow with a light buffing using a clean white cloth.

Antimicrobial

- Naugahyde® with Advanced BeautyGard® provides outstanding protection in difficult medical and health-care environments.
- Most Naugahyde products contains an agent effective against bacterial and fungal microorganisms

Please Review Carefully

CAUTION: Should you desire to use other cleaning methods, carefully try them in an inconspicuous area to determine potential damage to the material. Never use harsh solvents or cleaners which are intended for industrial applications. To clean stained or soiled areas, a soft white cloth is recommended. Avoid use of paper towels.

CAUTION: Cleaning products may be harmful/irritating to your skin, eyes, etc. Use protective gloves and eye protection. Do not inhale or swallow any cleaning product. Protect surrounding area/clothing from exposure. Use in a well ventilated area. Follow all product manufacturer's warnings. Naugahyde cannot be held responsible for damage or injuries resulting from the use or misuse of cleaning products.
